

Erosion Control BMP Summit

Shasta College Erosion Control Training Facility in Redding, CA
May 3-4, 2016

Exhibitor Opportunities!

The two-day Erosion Control BMP Summit provides attendees a unique opportunity for back-to-back classroom and field instruction in erosion and sediment control. Attendees receive:

- Classroom instruction from industry icon John McCullah. John is the IECA Outstanding Professional for 2015. John will be assisted by Eric Berntsen, a habitat restoration biologist with an extensive resume including work as a researcher and regulator.
- Field instruction at the Shasta College Erosion Control Training Facility. Attendees will see BMP product applications and equipment use in the field presented by industry experts including vendors and John himself.
- Attendance Certificate for use in certification renewals.

Erosion Control BMP Summit

Exhibitor Benefits - Showcase Exhibitors receive dedicated time on the agenda to demonstrate their product and/or equipment in the field with opportunities to interact with attendees. Both **Showcase Exhibitors** and **Indoor Exhibitors** are provided with display space in the classroom to connect with attendees.
